

North Carolina Blackberry Festival Layout Map

Use this map for reference when selecting Section 1 or 2 for the Blackberry Festival. If a Section 1 selection is made and can't be accommodated, the fee difference will be returned to you. If you wish, you may mark a preferred location on the map within your section and return with your form and fees, however exact locations are not guaranteed and no fees will be returned based on inability to grant special location requests.

A decision on your acceptance into the festival and section location will be given to you within 30 days of receipt of your application.

All vendors will be located within two blocks of the festival center.
